Dear Friend,

I write this letter as a thank you to all of you who made the world a better place through your support of MAP International. MAP could not do what it does without the generous contributions of partners, sharing medicines with those in need, employees working tirelessly to move the medicines get to where they need to be, volunteers that help wherever they can, and donors who contribute their resources to help make it happen. On behalf of the Board of Directors, we thank you.

I know I speak for the entire staff and volunteers when I say how much we appreciate your support of MAP International. MAP could not do what it does without the strong commitment of partners, sharing medicines with those in need. Without the support of MAP International, medicines get to where they need to be, volunteers that help wherever they can, and donors who contribute their resources to help make it happen. On behalf of the Board of Directors, we thank you.

I cannot imagine learning that my children or grandchildren would not be able to obtain the medicines they need to live. Fortunately for us, we are not faced with the lack of medicines for ourselves and their children daily. At MAP working tirelessly with our partners in the medical industry and on the ground around the world, seek to reduce those medical circumstances.

There is much to be done to meet our goal that people concerned for proper medical care is eliminated. Working tirelessly with our partners, we are able to alleviate the lives of over 15 million people around the world. In the past year, we worked to reduce, DSF, and distribute the best medicines and health supplies available to as many people as possible. Our efforts would not be successful without people like you. We are grateful for your support.

With gratitude,

Steve Stirling
President and CEO

MAP International

WHOA WE ARE

MAP International is a Christian organization providing life-changing medicines and health supplies to people in need. MAP serves all people, regardless of their religion, gender, race, nationality, or ethnic background.

President and CEO
Steve Stirling
Dear Friend,

Producing an annual report causes us all a pause, reflect, and regroup. It is only naturally to become so busy with current work and future plans that we forget to stop and look back. But this is truly a report of God’s faithfulness during times of difficulty for so many. And I’d like to thank you, our donors, for making all of this possible.

In this document, you’ll see a number that we report to demonstrate transparency and accountability. Often, you don’t see are the gaps of supply, the tears of joy, the hugs of gratitude that come from those who receive desperate needed medicines.

I know I speak for the entire staff and volunteers when I say that we do this work because it makes a real difference in the lives of people worldwide. Yes, we’re grateful for the numbers in the thousands and millions, but it’s the child in Guatemala, working tirelessly with our partners, who truly touch our hearts and motivate our work.

Mission Statement

MAP International is a Christian organization providing life-changing medicines and health supplies to people in need. MAP serves all people, regardless of religion, gender, race, nationality, or ethnic background.

Medicines Delivered: $552,653,938

Disaster Relief Provided: $39,073,637

People Impacted: 13,648,909

Countries Served: 104

MAP International Global Impact 2018

MAP International’s Work

- Healthcare: MAP works with partners, local ministries of health and communities to prevent and treat NTDs, especially neglected Tropical Diseases (NTD).
- Maternal and Child Health: MAP works with partners, local ministries of health and communities to prevent and treat NTDs, especially Neglected Tropical Diseases (NTD).

- Maternal and Child Health: MAP works with partners, local ministries of health and communities to prevent and treat NTDs, especially Neglected Tropical Diseases (NTD).
Dear Friends,

Producing an annual report causes us all a pause, reflect, and rejoin. It’s only natural to become so busy with current work and future plans that we forget to stop and look back. But this is truly a report of God’s Faithfulness during times of difficulty for so many. And in a thank you note to you, our donors, to make it all possible.

In this document, you’ll see numbers that we report to demonstrate transparency and accountability. When you don’t see are the gaps of surprise, the tears of joy, the hugs of gratitude that come from those who receive desperately needed medicine. I know I speak for the entire staff and volunteers when I say that we do this work because it makes a real difference in the lives of people worldwide. Yes, we’re grateful for the numbers in the thousands and millions, but it is the child in Guatemala who knows of gratitude that come from those who receive desperately needed medicine. 

This may be an annual report, but it is also a song of praise. As you look through this report, please join us in praising God from whom all blessings flow. This is your report, and it’s you, the donor, for whom we are especially grateful.

In 2018, MAP provided more than $39MM in medicines and health supplies to those affected by disasters in 2018. 30,254 Disaster Health Kits were provided to people in Florida, Georgia, North Carolina, Puerto Rico, and South Carolina following major Hurricanes. 

Community Health Development

MAP continued its work to establish its field offices as independent, locally-run and separate organizations. In 2018, MAP’s Community Health Development Programs reached more than 3.6 million people across Bolivia, Kenya, Cote d’Ivoire, Liberia, and Indonesia. In collaboration with local partners, MAP focused on three core program areas:

• Neglected Tropical Diseases (NTD): MAP works with partners, local ministries of health and communities to prevent and treat NTDs, especially those affecting children and vulnerable populations in over 25 countries.

• Maternal and Child Health: MAP works to address traditional and modern health concerns to reduce maternal and child mortality and morbidity as well as improve economic, environmental, and emotional concerns that can impact the development and wellbeing of mothers and children.

• Water, Sanitation and Hygiene: In collaboration with local partners and ministries of health, MAP expanded access to clean water and improved sanitation through latrine and hand washing station construction, and rehabilitation of water wells, and ongoing education.

Dear Friends,

This letter is written as a thank you to all of you who made the world a better place through your support of MAP International. MAP could not do what it does without the generous commitment of partners sharing medicines with those in need, employees working tirelessly to move the medicine getting to where they need to be, volunteers that help wherever they can, and donors who contribute their resources to help make it happen. On behalf of the Board of Directors, we thank you.

I encourage you to read our report, ask questions where you may want to know more, and support our work.

Sincerely,

Cynthia Lynn Blandford
