

Placement Resources

MAP International Health Fellowship does not organize mission placements. MAP International is not affiliated with or endorse the below medical mission resources. This list is provided as a resource to students and graduates seeking short-term medical mission opportunities.

Many colleges and universities offer global health service opportunities. Please check with your school to see what opportunities exist.

Medical Missions.org

<http://medicalmissions.org/>

MedicalMissions.org connects healthcare volunteers with the mission-centered organizations that need them, increasing access to quality healthcare around the world. Registration, search and mission posting is free for all volunteers and organizations.

Medical Missions

<https://www.medicalmissions.com/missions/shortterm>

Medical Missions helps connect your professional skills and biblical calling to the largest database of healthcare mission organizations, professionals, and thought leadership.

International Medical Relief

<https://internationalmedicalrelief.org/volunteers/undergrad-students/>

Since 2002, International Medical Relief has been sending volunteer medical teams to provide valuable medical and dental care in developing countries. We send teams on 4 to 14-day missions to 70 different countries around the world providing medical, dental, and surgical care where it is needed most. Longer-term missions are also available!

Christian Medical & Dental Associations

<https://cmda.org/global-health-outreach/>

As a ministry of CMDA, Global Health Outreach is a short-term international missions program dedicated to providing healthcare while spreading the gospel by sending medical, dental and surgical teams around the world.

Cure

<https://cure.org/medical-opportunities/>

CURE International operates a global network of eight children's hospitals that provide life-changing surgical care and intentional spiritual care for children living with disabilities.
