

FINANCIAL STATEMENTS

## For The Years Ended September 30, 2021 and 2020

#### **REPORT OF INDEPENDENT AUDITOR**

The Board of Directors MAP International Brunswick, Georgia

We have audited the accompanying financial statements of MAP International ("the Organization"), which consist of the statements of financial position as of September 30, 2021 and 2020, and the related statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MAP International as of September 30, 2021 and 2020, the changes in its net assets, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **NOTE A – NATURE OF ACTIVITIES**

MAP International ("the Organization") was established in 1965 as an Illinois not-for-profit corporation. The Organization's purpose is to promote the total health of people living in the world's impoverished communities. The Organization provided access to health services and essential medicines in 79 and 86 countries worldwide during the years ended September 30, 2021 and 2020, respectively. In fulfilling its purpose, the Organization distributes gifts in-kind, including donated medicines, equipment, and supplies which are primarily donated by pharmaceutical companies. The Organization also receives cash contributions from individuals, churches, and other organizations.

The Organization works with its partners to accomplish the following primary program services:

*Essential Medicine Distribution* – The Organization provides critical life-saving medications that are always in short supply in impoverished countries with limited health care. Medicines and medical supplies are provided to hospitals, clinics, refugee centers, and physicians in other countries as they are needed. In addition, the Organization's specially designed travel packs are used by Christian health personnel and mission groups on short-term missions and include an assortment of some of the most critically needed medicines and supplies. The Organization also provides medicines and supplies for rapid response to humanitarian emergencies around the world and, at times, in the United States.

*Community Health Development* – Total health training workshops teach medical, cultural, and biblical principles of health in remote, rural areas from the Amazon to Kenya. The MAP International Fellowship provides opportunities for medical students to serve short-term missions in Christian hospitals around the world.

*Disaster and Disease Management* – The Organization's programs provide vital medicines, educational materials, and training to aid in the treatment and prevention of diseases. The Organization provides a variety of disease prevention and eradication programs, including education and prevention programs that benefit communities in Latin America and Africa.

#### **NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Revenue recognition**

The Organization recognizes cash contributions as revenue when the contributions are received by the Organization. Contributions received are recorded as without or with donor restrictions depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the accompanying statements of activities as "net assets released from time and use restrictions." Contributions of noncash assets are recorded at estimated fair value on the date of the gift.

#### Cash and cash equivalents

The Organization considers investment instruments purchased or donated with original maturities of three months or less to be cash and cash equivalents.

#### **Inventory**

Inventory consists of humanitarian relief goods which were not yet distributed to beneficiaries. Inventory is recorded at estimated fair value on the date of the gift.

#### Investments restricted for long-term purposes

Investments restricted for long-term purposes consist of amounts restricted to endowments.

NOTES TO FINANCIAL STATEMENTS

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Property and equipment

Property and equipment are stated at cost, if purchased, or estimated fair value on the date of donation, if donated. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets.

#### Net assets

Net assets without donor restrictions are available for use at the discretion of the Board of Directors and/or management for general operating purposes. From time to time, the Board may designate a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion. The Board has designated a portion of net assets without donor restrictions for minimum state required annuity reserves. Net assets with donor restrictions consist primarily of amounts held by the Organization for use toward specific projects or for distribution in specific geographic areas.

#### **Functional allocation of expenses**

The statements of functional expenses present expenses by function and natural classification. Expenses directly attributable to a specific functional area are reported as expenses of those functional areas. Indirect costs that benefit multiple functional areas are allocated among the various functional areas based primarily on employee time and space utilization.

#### Income taxes

The Organization is exempt from federal income tax as an organization described in Section 501(c)(3) of the Internal Revenue Code and from state income tax pursuant to state law. The Organization is further classified as a public charity and not a private foundation for federal tax purposes. The Organization has not incurred unrelated business income taxes. As a result, no income tax provision or liability has been provided for in the accompanying financial statements.

#### Use of estimates

Management uses estimates and assumptions in preparing the accompanying financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Significant estimates used in preparing these financial statements include those used in determining the useful lives of property and equipment and the estimated fair value of noncash contributions. Actual results could differ from the estimates.

#### **Economic uncertainties**

In January 2020, the World Health Organization ("WHO") announced a global health emergency related to the outbreak of a virus originating in China. In March 2020, WHO elevated the classification of the outbreak to a pandemic ("the pandemic"). Management is closely monitoring the potential impact of the pandemic on the Organization's financial condition and has taken actions to mitigate its impact. Because of the unknown impact on global commerce, management is not able to estimate the effects of the pandemic on its operating results, financial condition, or liquidity for the year ending September 30, 2022.

#### Subsequent events

The Organization has evaluated for possible financial reporting and disclosure subsequent events through February 22, 2022, the date as of which the accompanying financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

#### **NOTE C – LIQUIDITY AND AVAILABILITY OF RESOURCES**

Financial assets available for general expenditure within one year of the date of the statements of financial position are as follows:

|  | Septem                 | <u>ıber 30, </u>    |
|--|------------------------|---------------------|
|  | 2021                   | 2020                |
| Financial assets available:<br>Cash and cash equivalents<br>Investments (including "investments restricted for long-term | \$ 6,238,590           | \$ 3,541,272        |
| purposes")   | 7,004,575              | 4,062,313           |
| Accounts receivable (included in "prepaid expenses and other assets")  | 213,445                | 208,338             |
| Total financial assets available within one year   | 13,456,610             | 7,811,923           |
| Less amounts unavailable for general expenditure within one year due to:   |                        |                     |
| Endowments   | (3,775,170)            | (3,775,170)         |
| Designated for minimum state required annuity reserves   | (66,230)               | (70,221)            |
| Net financial assets available within one year   | <u>\$    9,615,210</u> | <u>\$ 3,966,532</u> |

The Organization is primarily supported by contributions. As part of the Organization's liquidity management, it structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Certain net assets with donor restrictions are available for general expenditure within one year of September 30, 2021 and 2020, because the restrictions on net assets are expected to be met by conducting the normal activities of the Organization in the coming year. The state of Georgia requires issuers of annuities to maintain \$300,000 in available liquid assets. Management believes the Organization has sufficient financial assets available for general operations that may be drawn upon in the event of unanticipated financial distress or immediate liquidity need. As of September 30, 2021, the Organization also had a revolving line of credit in an amount up to \$3,000,000 as an additional source of liquidity (further described in Note K).

#### **NOTE D – CONCENTRATIONS**

The Organization maintains its cash and cash equivalents in deposit accounts which may not be federally insured, may exceed federally insured limits, or may be insured by an entity other than an agency of the federal government. The Organization has not experienced any losses in such accounts, and believes it is not exposed to any significant credit risk related to cash and cash equivalents.

During the years ended September 30, 2021 and 2020, approximately 40% and 46%, respectively, of total noncash contribution revenue was sourced from the Organization's three largest donors.

#### **NOTE E – INVESTMENTS RESTRICTED FOR LONG-TERM PURPOSES**

Investments restricted for long-term purposes consisted of the following:

|  | September 30, |                     |    |                                  |  |  |
|--|---------------|---------------------|----|----------------------------------|--|--|
|  |               | 2021                |    | 2020                             |  |  |
| Mutual funds<br>Certificates of deposit<br>U.S. Treasury notes | \$            | 3,775,170<br>—<br>— | \$ | 2,673,850<br>1,030,620<br>70,700 |  |  |
| Total investments restricted for long-term purposes            | <u>\$</u>     | 3,775,170           | \$ | 3,775,170                        |  |  |

#### **NOTE F – FAIR VALUE MEASUREMENTS**

Accounting principles generally accepted in the United States ("GAAP") define fair value for an investment generally as the price an organization would receive upon selling the investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment. The information available to measure fair value varies depending on the nature of each investment and its market or markets. Accordingly, GAAP recognizes a hierarchy of "inputs" an organization may use in determining or estimating fair value. The inputs are categorized into "levels" that relate to the extent to which an input is objectively observable and the extent to which markets exist for identical or comparable investments. In determining or estimating fair value, an organization is required to maximize the use of observable market data (to the extent available) and minimize the use of unobservable inputs. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical items (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of each of the three levels of input within the fair value hierarchy:

Level 1 – unadjusted quoted market prices in active markets for identical items

Level 2 – other significant observable inputs (such as quoted prices for similar items)

Level 3 – significant unobservable inputs

The estimated fair value of certain assets measured on a recurring basis at September 30, 2021, are as follows:

|                                     |           | Total                      | <br>Level 1                      |           | Level 2 | <br>Level 3 |
|-------------------------------------|-----------|----------------------------|----------------------------------|-----------|---------|-------------|
| Mutual funds<br>U.S. Treasury notes | \$        | 6,964,666<br><u>39,909</u> | \$<br>6,964,666<br><u>39,909</u> | \$        |         | \$<br>      |
| Total                               | <u>\$</u> | 7,004,575                  | \$<br>7,004,575                  | <u>\$</u> |         | \$<br>      |

The estimated fair value of certain assets measured on a recurring basis at September 30, 2020, are as follows:

|  |           | Total                                   | <br>Level 1                                   | <br>Level 2 |           | Level 3 |
|--|-----------|---|---|-------------|-----------|---------|
| Mutual funds<br>Certificates of deposit<br>U.S. Treasury notes | \$        | 2,960,993<br>1,030,620<br><u>70,700</u> | \$<br>2,960,993<br>1,030,620<br><u>70,700</u> | \$<br>      | \$        |         |
| Total  | <u>\$</u> | 4,062,313                               | \$<br>4,062,313                               | \$<br>      | <u>\$</u> |         |

#### **NOTE G - PROPERTY AND EQUIPMENT**

Property and equipment consisted of the following:

| oporty and equipment consistent of the following. |           | Septem      | ber       | 30.         |
|---|-----------|-------------|-----------|-------------|
| Category  |           | 2021        |           | 2020        |
| Land and land improvements                        | \$        | 702,036     | \$        | 702,036     |
| Buildings and improvements                        |           | 5,650,098   |           | 5,410,098   |
| Furniture and equipment                           |           | 2,944,529   |           | 2,769,594   |
| Construction in progress                          |           |             |           | 266,320     |
| Total property and equipment                      |           | 9,296,663   |           | 9,148,048   |
| Less: Accumulated depreciation                    |           | (4,738,580) |           | (4,485,699) |
| Net property and equipment                        | <u>\$</u> | 4,558,083   | <u>\$</u> | 4,662,349   |

Depreciation expense amounted to \$252,881 and \$388,239 during the years ended September 30, 2021 and 2020, respectively.

#### **NOTE H – RESTRICTIONS ON NET ASSETS**

Net assets were restricted by donors for the following purposes during the year ended September 30, 2021:

|   |           | Balance<br>October 1 | Contributions<br>and investment<br>income | Releases                 | Balance<br>September 30 |
|---|-----------|----------------------|---|--------------------------|-------------------------|
| Pharmaceuticals and other<br>gifts in-kind restricted for<br>certain geographic regions | \$        | 45,512,646           | \$ 227,218,626                            | \$ (166,078,665)         | \$ 106,652,607          |

Distributions from the program activities endowment are available to support the general operations of the Organization. Distributions from the international fellowship endowment are available for medical scholarships. The Organization preserves the estimated fair value of all original endowment gifts as of the gift date, which management deems is in compliance with state law. Accordingly, the Organization classifies as "endowment corpus" (a) the original value of gifts donated to the permanent endowment and (b) the original value of subsequent gifts to the permanent endowment.

The Organization has adopted investment policies for endowment assets that attempt to provide a predictable stream of funding to supported programs while seeking to maintain the purchasing power of the endowment assets and to preserve the invested capital. The stated investment goal is an absolute rate of return of four percent per annum over a five to ten year period. The Organization emphasizes spending on current or near-term programs.

The spending policy provides flexibility, and the Organization seeks the advice of investment counsel, as well as management and certain committees of the Board, when determining amounts to be spent on supported programs. The Organization considers all endowment earnings to be restricted until such time that the earnings are appropriated for expenditure.

NOTES TO FINANCIAL STATEMENTS

#### NOTE H - RESTRICTIONS ON NET ASSETS (Continued)

The Organization's endowment activity for the years ended September 30, 2021 and 2020, is as follows:

|  | With Donor Restrictions                       |                           |                          |

#### **NOTE I – NONCASH CONTRIBUTIONS**

Noncash contributions ("gifts-in-kind"), including donated pharmaceuticals and medical supplies, are recognized as revenue at their estimated fair value on the date the gifts are received. The Organization only records the value of noncash contributions over which it exercises variance power. In general, management estimates the fair value of donated pharmaceuticals using "wholesale acquisition cost," listed in reference materials including the IBM Micromedex RED BOOK, a widely-used drug and pricing reference guide for the pharmaceutical industry in the United States. Management may apply discounts to the prices in the RED BOOK depending on the gift's condition or other factors. For gifts in-kind of pharmaceuticals and medical supplies that are sold in the United States market, the Organization has determined that the U.S. is the principal or most advantageous market for purposes of estimating fair value. If prices for a particular item are not available in the RED BOOK, MAP estimates fair value using other online pricing sources. The Organization considers the valuation practices used for noncash contributions to be consistent with industry standards. The Organization's policy is to distribute donated pharmaceuticals and medical supplies, and those items are recognized as expenses when they are shipped from the Organization's warehouse or the date upon which the Organization no longer exercises practical control over those items.

The Organization distributed gifts in-kind to its partners totaling \$626,387,183 and \$708,502,902 during the years ended September 30, 2021 and 2020, respectively. Of these amounts, approximately \$15,448,000 and \$829,000, respectively, was shipped directly from the donor to the Organization's partners.

#### **NOTE J – RETIREMENT PLAN**

The Organization offers a defined contribution retirement plan which covers substantially all employees. The Organization contributed approximately \$169,000 and \$117,000 to the retirement plan during the years ended September 30, 2021 and 2020, respectively.

#### **NOTE K – COMMITMENTS**

The Organization previously had available a \$1,000,000 revolving line of credit which matured in October 2020. Draws, if any, carried interest at the one-month LIBOR plus 2.50% per annum (2.65% as of September 30, 2020). No draws were made on the line of credit during the years ended September 30, 2021 and 2020, and no balance was outstanding on the line of credit as of September 30, 2020.

During the year ended September 30, 2021, the Organization entered into a revolving line of credit agreement of up to \$3,000,000 with a certain bank. Draws, if any, carry interest at the prime rate less 0.25% per annum (3.00% as of September 30, 2021). The revolving line of credit is secured by a negative pledge agreement regarding certain property and matures in November 2023. No draws were made on the line of credit during the year ended September 30, 2021, and no balance was outstanding on the line of credit as of September 30, 2021.
